WORK EXPERIENCE

REACT JS DEVELOPER   Anupaat Nivesh   • **Mar-Aug 2023**

As a React developer for the Anupaat Nivesh financial platform, I played a key role in crafting a user-friendly website for mutual funds and SIPs, enhancing the investment experience for users.

EDUCATION

SHRI RAMSWAROOP MEMORIAL COLLEGE OF ENGINEERING AND MANAGEMENT

Bachelor of Technology(B.Tech)
Computer Science & Engineering   • **2019-2023**
8.24 CGPA

GURU HAR RAI ACADEMY

12TH   • ICSE- 91%   • **2017-2018**

PROJECTS

FRank | FilmyRank
- FRank is a mini clone of IMDB using HTML, CSS, and vanilla JavaScript. In this, the Bootstrap framework is used and integrated with OMDB API.
- Github link-Frank
- TECH STACK- HTML , CSS, Vanilla JavaScript, BootStrap, and OMDB API

Habit Tracker
- I designed and developed a Habit Tracker project, enabling users to define and monitor multiple habits such as reading and gym visits daily. Users can track habits with statuses 'Done,' 'Not done,' or 'None,' and easily add new habits for seamless tracking and progress monitoring.
- Github link-HabitTracker
- TECH STACK- NodeJs , EJS , MongoDb and BootStrap

Portfolio Website
- I've crafted a dynamic portfolio website using the React.js tech stack, showcasing my skills and projects in an engaging and user-friendly manner.
- Github link-Harshita website.
- TECH STACK- ReactJS , Styled components.

ACHIEVEMENTS

ET CAMPUS CODING STAR 2022

EXTRA-CURRICULAR ACTIVITIES
